

October EZRA HEALING Newsletter

“Unveil the truth in our October newsletter as we expose medical corruption, and shed light on critical issues within the healthcare industry”.

Dear Wellness Warriors,

You are receiving this FIRST monthly newsletter because you have had at one point connected with Ezra Healing along your travels. Thank you for THAT!

This is Svetlana, a former Registered Nurse of 24 years AND Founder of Ezra Healing, reaching out to you and extending an invitation to explore our new updated website.

Ezra Healing was born two years ago, in October 2021 when the BC Government decided to discard many competent HealthCare Professionals because of their personal decision to refuse the harmful C19 Vaccine. We are now witnessing the devastating side effects of this decision, as many BC hospital beds have closed leaving patients & families stranded. Many remaining healthcare staff are burnout or leaving the workplace due unreasonable working conditions or due to disabling vaccine injuries themselves. The BC & Canadian federal governments are responsible for many crimes against humanity, including injuries and death.

As October 2023 has arrived, we are again seeing the BC Health Ministers cheerlead for inappropriate mask wearing and the killer booster shots in healthcare settings. We

witnessed many family members pass away alone over the last 2 years as unvaccinated family members were kept away from their loved ones while in the hospital. The trauma of these decisions have left many people broken and in a state of grief. Vaccine injury is REAL, and we recognize ALL vaccines to be the major leading cause of injury, disease & cancer in Canada.

Since founding Ezra Healing in October 2021, we have reached many people looking for alternative private healthcare. As many of you understand, Canada is under attack and we must do everything we can to be the change we want to see for ourselves and future generations. Ezra Healing believes in the "DO NO HARM" model of care.

Ivermectin is currently extremely difficult to obtain from your family doctor because it actually helps you. Remember the "medical system" is not set up to help you. It's set up to support the "sick-care" system and BIG Pharma. As a side note, ivermectin was easily obtained by the main stream medical system before the C19 SCAMDEMIC began in March 2020. It has been intentionally kept away from the general public since then because it helps in viral/parasitic infections, vaccine injuries, cancers, gut health and more.

Many family doctors have FAILED at protecting and helping their patients and communities from harm. Many have given into the corrupt agenda and did not uphold their Hippocratic Oath of "do no harm", which is the FIRST golden rule in true HealthCare.

We commend those Doctors & Nurses that held the line and did not give into the pressure of bully organizations such as The Canadian College of Physicians and Surgeons, The College of Nurses in all Canadian provinces, local Health Authorities, The World Health Organization, Health Canada, Unions, governments, ect. Our world is made up of many control systems, that do NOT support our physical, mental, emotional, spiritual and financial well-being. We cannot change what we do not know.

Now WE know, so now we CHANGE! You ALL have the power to "be the change you want to see"!

We truly are at a beautiful point in history. The GREAT AWAKENING has arrived and I AM honored to be part of it with you all. As painful as the last 3 years have been for MANY, we needed the untruth to be exposed to move towards the TRUTH.

It is my goal to continue to help create the parallel WELLNESS PARADIGM, with the support of other like minded Wellness Professionals in North America. Our USA partners are experiencing the same healthcare battles as we are in Canada, so it's all hands on deck. As "Health Canada" continues to cripple Canadians health and remove Natural Health Products from store shelves, Ezra Healing will continue standing for TRUTH, FREEDOM & JUSTICE.

First and foremost, OUR recommendations are to STOP taking vaccines for you and your children. They are ALL bad for you! Including the flu shot. Vaccines were NEVER good for you. You were led to believe they were, rooted in a strategic marketing campaign and pressure from the medical community. If you are a victim of a vaccine injury, you are not alone and we believe you!

Second, boost your immune system up with daily exercise, organic food & water, healthy relationships & hobbies, solid sleeps, meditation/prayer, and low to no alcohol. Some form of supplementation is recommended if your diet lacks nutrients.

If you have any questions or would like a personalized fee-based consultation, please send us an email or text.

Thank you so much for your interest & support. Please feel free to forward this email to your family & friends as the more we connect, the stronger & healthier we are!

Sincerely, with love & respect...
